[UIC Joint proposal 12 19 15.docx](#)

Everyone: I think that I captured all of the points from this morning's discussion in the attached version. I accepted all of the edits shown in the version I distributed yesterday, and the changes resulting from today's discussion are reflected in track changes. Note that I did not change the date for the category 3 wells, but we understand that EPA will likely be asking for an earlier date than February 15, 2017.

Happy Friday!

Phil

**Subject:** UIC joint proposal: EPA feedback

Steve, Bruce, and Jonathan-

I got a call from Jane and Sylvia this afternoon, asking some good questions about the version of the joint proposal I sent them yesterday. They pointed out some issues that I had not carried over from the previous version, and asked whether they were intentional. In more than one case, they were not. I took some notes on their questions, and made some further revisions (attached) that I think are probably consistent with where we were heading. I told them that I could not be confident that everyone would agree, and that I thought the best approach would be for me to share those revisions with everyone and schedule a quick call with Jane and Sylvia to discuss.

Looking at everyone's calendars, we all match up with their proposed times of either 11 to 11:30 or 2 to 2:30. Can you please let me know which time works best for you? (Jon, I will call you to get your proxy).

Phil

**Subject:** times for call tomorrow

Thanks for talking through our observations and questions. Given your recommendation that we schedule an hour call tomorrow to all talk over, here are the times Sylvia and I are available, for you to compare with State folks' availability:

Before 10:00, 11:00-1:00, 2:00-3:00.

Jane Diamond

Water Director, EPA Region 9
